Remember, they want civil war. They want us all divided. Why did they wait 3 years to do something? Controlled opposition? Why so late?

Members of the ruling class of certain states have sent troops to Texas in case a civil war breaks out with the federal ruling class. Lines have been drawn and the naive slaves are already siding with which master they want to be ruled by.

The rulers of multiple states began sending personnel and resources months ago to combat increased migrant encounters at the United States-Mexico border, with one state saying “nothing is off the table” as tensions threaten to boil over between Texas Governor Greg Abbott and the Biden administration.

Joe Biden Gives Governor Greg Abbott A 24 Hour Ultimatum As The Border Standoff Intensifies

Don't forget that neither Abbott nor Biden will be fighting each other physically during this war if it goes that far. Both sociopaths will require others to obey their commands and go to war for them.

On Thursday, 25 Republican governors backed Abbott and “Texas’s constitutional authority to defend and protect itself” against what he has referred to as a migrant “invasion” of his state. Some believe the situation is escalating towards a civil war, and the mainstream media’s use of the term seems to be exacerbating the idea.

The joint statement by the conservative governors reads:

"We stand in solidarity with our fellow Governor, Greg Abbott, and the State of Texas in utilizing every tool and strategy, including razor wire fences, to secure the border. We do it in part because the Biden Administration is refusing to enforce immigration laws already on the books and is illegally allowing mass parole across America of migrants who entered our country illegally."

Arkansas Governor Sarah Huckabee Sanders deployed 80 Arkansas National Guard soldiers between June 24 through August 5. There could be more going down south in the future.

"Governor Sanders supports Governor Abbott's efforts to secure the southern border and nothing is off the table to assist Texas with their efforts to combat Biden's failure," Sanders spokesperson Alexa Henning told Newsweek via email on Thursday.

"She will continue to raise concern about the humanitarian and security crisis, human trafficking, and drug trafficking that is affecting every state in the nation due to the Biden administration's disastrous open border policies." -Newsweek

Oklahoma Governor Kevin Stitt, one of the 25 who signed the letter, told Newsmax on Thursday:

"I mean right now you've got the federal agents who are cutting the wire and then you've got the Texas National Guard on orders to put up wire, this is a powder keg worth of tension. It's a very weird situation, we certainly stand with Texas on the right to defend themselves."

Why 666 ?

Navigating The Lies 1-26-24

666 new laws just took effect in Texas. Here's what they do:

- Ban on teaching critical race theory
- Ban on abortions after about 6 weeks
- Permitless carry of firearms
- Ban on homeless encampments
- Expansion of medical marijuana
- Academic credit for veterans' service

What's going on in Texas with the border situation is nothing more than scripted ritual, and is laying the groundwork for Civil War and the American police state

Why would Zionist/Freemason and WEF member Greg Abbott wait 3 years to make this move? Election year. Chaos to Order

(Not to mention 85K+ children have gone missing while crossing the Rio Grande)
